Name: Divyansh Kumar Singh
SAPID: 590012175
Batch: B1

Lab - O.

		Mail options
⇒	Oracle APEX	→ Yandex
Step 1:	Open Oracle APEX	→ Proton mail.
Step 2:	Go to the Sign In option	
Step 3:	Request a workspace.	
Step 4:	Create a unique workspace.	WORKSPACE NAME:
Step 5:	Accept the license.	JAVAPYWIZARD_DBMS
Step 6:	Submit.	

Q1. Lab: A college consists of various employees / students / faculties.

↳ You have to create the structure of DBMS. where every user have there information.

↳ Job Role / Job Description / Time table.

↳ How they are ~~community~~ communicating with each other.

Q2.

Name: Divyansh Kumar Singh
SAP ID: 590042175
Batch: B1

Database: College (UPES)

Table 1: Student

UID	SAPID	Name	Course	Semester	CGPA	DOB	Gender	Course Code	Attendance	Batch

Table 2: Faculty

UID	Faculty Code	Name	Qualification	Department	DOB	Gender	Course Code

Table 3: Staff

UID	Employee ID	Name	Department	DOB	Gender

The tables don't communicate directly but through shared fields like SAPID, UID, Course Code, Name, Gender, etc.
